Part 15: Back to Basics **A 6 Month Review of Service Delivery Under TAS**

SEPTEMBER 30 – WHAT WE WILL COVER

It's Fall, and here comes our 7th month of Alternative Services! A perfect time to measure what you've accomplished and get ready for the next stage. After all the hard work, this week's webinar offers a chance to pause for a moment to look at the complete six month cycle of how participants are served under TAS and make sure you're meeting all CDA requirements.

This week, the CAADS/ALE Crisis Team and CDA will build on the training webinar CDA provided last week. Using a practical and universal case example, we'll focus on the services and documentation required at each step of the way, as well as how your records can clearly show that you are addressing participants' needs.

CDA will also answer frequently asked questions regarding TAS requirements.
